Clinically proven, purpose-built cold snare

Clinically proven to achieve a significantly higher rate of complete resection, the unique design of the Exacto® cold snare offers more control and placement for a precise, clean cut.¹,²

Specially designed to optimize the cold snare technique, the Exacto® cold snare...

- Enables a clean cut with a thin wire design (.012”/0.30mm) while maintaining its shape and stiffness
- Features a unique, shield shape that maximizes its width for optimal control and placement
- Aids in safe and effective resection with a 9mm mini snare size that reduces the risk of creating large defects
- Offers a thin, stiff catheter that decreases buckling while aiding in placement

For more information on the Exacto® cold snare, contact US Endoscopy today.
